EXPERIENCE

2025 — Present

Fit-Out Manager

VIVID Design / PHZYN Construction

- Turn client requirements into design briefs, review design output, and secure material approvals with sample boards and value engineering.
- Prepare concept-stage cost estimates and priced proposals with target margins; negotiate with subcontractors, suppliers and clients to close deals.
- Run sites end to end: subcontractors and suppliers, programmes, shop-drawing approval, finishing quality, snagging and handover.

2023 — 2025

Architect & Supervisor (Business Development & Pricing)

Safana Architects

- Sourced new projects through a personal network of clients, design offices and developers; presented proposals and closed deals directly.
- Prepared pricing and tender submissions for fit-out and finishing works; maintained client relationships that generated repeat projects.
- Led the design team on incoming projects and reviewed architectural and shop drawings in the technical office.
- Supervised site execution of fit-out works through to handover.

2023

Production & Fit-Out Engineer

Valero Furniture

- Developed joinery shop drawings and supervised factory production (cutting, assembly, upholstery, paint) for a premium furniture brand.
- Managed installation and handover at 10+ client homes.

2022 — 2023

Military Engineer

Egyptian Navy — Port Said Naval Base

— Supervised construction, renovation and finishing works on base; inspected and accepted contractor works and led on-site teams.

2021 — 2022

Architect & Supervisor

Sedeeq Designs

— Developed interior concepts, construction drawings and 3D renders for client presentations.

— Supervised site execution to match the approved designs.
