PORTFOLIO

ABOUT

Fit-Out Manager with an architectural background, experienced in commercial and residential fit-out projects, including offices, retail stores, gyms and residential spaces. Manages projects end to end, from client brief and design coordination through material selection, cost estimation and pricing, to site execution and handover. Specialised in joinery and furniture, from shop drawings and factory production to final finishing. Backed by a strong network of designers, contractors, suppliers and company decision-makers in the Riyadh market.

EXPERIENCE

2025 — Present

Fit-Out Manager

VIVID Design / PHZYN Construction

- Translating client requirements into design briefs and reviewing the design team's output.
- Building physical sample boards, running value engineering and securing client approval on materials.
- Preparing concept-stage cost estimates, negotiating with subcontractors and suppliers, and issuing final priced proposals with target margins, then negotiating with clients to close deals.
- Managing subcontractors and suppliers on site, setting and tracking programmes, approving shop drawings, controlling finishing quality, and leading snagging and handover.

2023 — 2025

Architect & Supervisor (Business Development & Pricing)

Safana Architects

- Sourced new projects through a personal network of clients, design offices and developers, then presented proposals and closed deals directly.
- Maintained client relationships after handover, generating repeat projects.

- Supervised the design team on incoming projects and developed design mood boards.
- Prepared pricing and tender submissions for fit-out and finishing works.
- Reviewed architectural drawings and shop drawings within the technical office.
- Supervised site execution of fit-out works.

2023

Production & Fit-Out Engineer

Valero Furniture

- Reviewed and developed joinery shop drawings and details for a premium-quality furniture brand.
- Supervised production on the factory floor across cutting, assembly and paint finishing.
- Managed installation and handover at client sites.

2022 — 2023

Military Engineer

Egyptian Navy — Port Said Naval Base

- Supervised construction of new buildings and managed renovation and finishing works within the base.
- Followed up contractors, inspected and accepted works, and led on-site labour and personnel teams.

2021 — 2022

Architect & Supervisor

Sedeeq Designs

- Developed interior design concepts and construction drawings.
- Produced 3D models and renders for client presentations.
- Supervised site execution to match the approved designs.
